She's A Nobody

Chapter 1 by Unicow274

Where did she come from? Who were her parents? What did she look like?

Those were the questions on the streets. Everyone wanted to know about this mystery girl who had showed up on the docks. A fisherman had seen her come out of the water, just "fell up" out of the water. Not a drop of the liquid was on her, and her face was hidden under a strange hood. She didn't speak to him, just walked up to him, and he knew what to do. He just *knew* to take her to the other side of the lake.

But she spoke to the police officers waiting for her. She smiled and gave a laugh, then sighed and shook her head. She let them take her away, never letting her face be shown.

As they took her away, she pulled back her hood to reveal her face to the fisherman, and he immediately fell into a coma. And he never woke up. But not long after the police took the girl away, something happened to the water of the lake. The fish stopped biting, and the water turned a murky black color. And it slowly started to rise.
